Genius resides within its simplicity

Alu Batten is a versatile architectural facade system suitable for use in residential commercial and industrial environments. It genius resides within its simplicity.

Whether horizontally or vertically aligned, with tis clean lines and contemporary look Alu Batten will bring a sophisticated aesthetic impression to any architectural environment.

Creativity	With a wide range of wood Grain and Powder Coating finishes with varying size options available. Alu Batten allows designers to realize their creative vision and bring their creations to life.	
	In the past such freedom could only be achieved with apprehension and inconsistency due to the nature of custom manufacturing.	
	With Alu Batten's standard size and modularity allows the supply of an accurate and consistent architectural batten system.	
Materials	Alu Batten architectural battens are extruded from 6060 T5 premium grade aluminium alloy. High corrosion resistance and weatherability perfect for commercial applications.	

## Features and Benefits

Compliance — Sea Salt Spray certified

Fire rating — AS1530.1 non-combustible

Durability — 25-year structural & 15-year fading warranty (If plain or timber grain powder coating finish is used)

Availability - Manufactured 100% in Australia with a quick lead time

Sustainability — Available in Green & Supergreen aluminium to reduce CO2 emission by 50-75%

Design — Available in a range of plain colour or timber grain finishes

End caps — Available in a range of PVC or aluminium end caps

## How to specify
