Pencil Round Decking

Sustainably sourced, Australian made innovations

Timber is a sustainable, renewable, carbon-positive resource that can reduce the carbon footprint of your project. Designing with timber enhances the sustainability of your space by capitalising on natural materials that can be re-purposed in the future.

At Modinex, we pride ourselves on being environmentally responsible. Our local base gives us the advantage of collaborating closely with architects and designers. By understanding your needs, we can create sustainable design solutions that are compliant, fit-for-purpose and brimming with natural beauty.

Our manufacturing plants utilise natural timber plantations that are PEFC certified, ensuring our design collections that are sourced from sustainably managed forests. We also use environmentally sustainable, ultra-low VOC coatings to protect our environment for the generations to come.

Stylish, traditional and versatile.

Our Pencil Round Decking solution from Urbanline Architectural, offers traditional style, but with timeless practicality. Benefit from the natural beauty of real timber, which is guaranteed to deliver the finish and sophistication that modern decking applications demand.

Features and Benefits

Sustainable timber — Available in a range of sustainably certified hardwood timber species

Quality — Manufactured using premium timber species that are seasoned in accordance with MXD1034.1 standards

How to specify

Download REVIT files, installation instructions, product care and technical information at modinex.com.au

Choose your shape

PROFILE CODE	DIMENSION
PR-PRDK-86X19	86mmW x 19mmD
PR-PRDK-136X19	136mmW x 19mmD
PR-PRDK-145X21	145mmW x 21mmD

Profiles

86mm wide
19mm thickness available

136mm wide
19mm thickness available

145mm wide
21mm thickness available

Choose your finish

See Modinex website for full range of colour and coating options.

Timber Species

All our ranges of timber species are available in set length and random length. Please contact our projects team for more information.

— HARDWOOD

Hardwood species can be used for 15mm thickness or greater for out of weather applications and 18mm thickness or greater for external use.

Blackbutt

FSC Certification is available

Ironbark

FSC Certification is available

Spotted Gum

FSC Certification is available

Timber Finishes

Through our bespoke in-house manufacturing capabilities, our collection of standard finishes can be customised to meet your design intent. Below is an example of our range of timber finishes available.

Dressed

Timber Coatings

Modinex offers a range of standard and custom coating to meet our client's design requirements, whilst offering the best protection to our beautiful timber collections. All our coatings at Modinex are ultra-low VOC or VOC-free coatings. Please note some profiles are not available in all timber species.

Penetrating Oil Coatings

Penetrating oils can be used for both internal and external conditions. These oils penetrate the cellular structure of the timber giving it greater protection against UV and weathering. If you are looking for a natural Patina finish, we can apply our Mist or Patina coatings to achieve a natural from installation. Penetrating oil achieve a natural matt finish.

Suitable
for external
conditions
